

Get Started With the GoPiGo

 dexterindustries.com/GoPiGo/getting-started-with-your-gopigo-raspberry-pi-robot-kit-2/

Congratulations on getting a GoPiGo Raspberry Pi Robot Kit!

This page and the sub-pages will help walk you through getting it setup and started. We recommend you go through each page, in the following order:

1. [Assemble the GoPiGo Raspberry Pi Robot Kit & Servo.](#)
2. [Setting up the SD Card.](#)
3. [Powering Up the GoPiGo.](#)
4. [Connect to the GoPiGo.](#)
5. [Booting the GoPiGo for the first time.](#)

After you have completed all the steps above, you can check out the [Examples and Projects](#) that we have made and try them out yourself or make something cool and share it with the community.

Have a question or a suggestion? Go check out our forums [here](#).
